

# WEDDINGS AT ART'S PLACE

Art's Place is a historic event venue & home to Compass Occasions. Located in the heart of downtown Hutchinson, Art's Place offers a versatile and welcoming raw industrial backdrop for your next meeting or intimate event. Renovations revealed original architectural details of the historic Nemitz Paint Factory. Original hardwood floors, exposed wood siding, reclaimed sliding barn doors, stained glass windows, and restored neon signage are a few of the characteristics you'll find in this beautifully restored venue. Our services range from DIY to full-service planning, so whether you're delighted by details or an event visionary, we'll meet your hosting style and elevate your event together.

## Art's Place DIY Wedding Reception Package
